PROFESSIONAL SUMMARY

Detail-oriented software developer, with hands-on experience in ASP.NET Core MVC, Entity Framework Core, SQL Server, and C#. Currently pursuing an Associate's degree in Computer Programming (3.89 GPA) while building full-stack web applications. Proven ability to solve complex technical problems, work collaboratively in team environments, and deliver quality results. Seeking to leverage technical skills and Midco experience to contribute to the Software Development team.

TECHNICAL SKILLS

Languages & Frameworks: C#, ASP.NET Core MVC, Entity Framework Core, JavaScript, HTML5, CSS3

Database Technologies: SQL Server, T-SQL, database design, data modeling, CRUD operations

Web Technologies: Bootstrap, responsive design, REST APIs, SOAP web services

Development Tools: Visual Studio, Git, version control, Agile methodologies

Core Competencies: Object-oriented programming, MVC architecture, data validation, debugging, problem-solving, technical documentation

EDUCATION

Associate of Applied Science in Computer Programming

Southeast Technical College, Sioux Falls, SD | Expected Graduation: August 2026 | GPA: 3.89

Relevant Coursework:

- ASP.NET Core MVC Development with Entity Framework Core and SQL Server integration
- Database Design and T-SQL Programming with complex queries and stored procedures
- Object-Oriented Programming principles and design patterns in C#
- Web Services Development (REST and SOAP architectures)
- Responsive Web Design with Bootstrap and modern CSS frameworks

Bachelor of Science in Digital Arts and Design, Audio Production Specialization

Dakota State University, Madison, SD | Graduated: 2014

TECHNICAL PROJECTS

MyTripLog Application | ASP.NET Core MVC

- Developed a full-stack trip logging application using ASP.NET Core MVC with Entity Framework Core
- Implemented complete CRUD operations with SQL Server database including create, read, update, and delete functionality
- Designed and built a three-page data entry workflow with proper MVC architecture separation
- Utilized ViewBag and TempData for efficient data passing between controllers and views
- Integrated Bootstrap for responsive UI design and implemented client-side validation
- Applied Git version control for source code management and collaboration

PROFESSIONAL EXPERIENCE

Installation Technician / PM Technician

Midco | Sioux Falls, SD | May 2020 - November 2021 & January 2023 - Present

- Perform preventive maintenance and troubleshoot technical issues on Midco's regional network infrastructure
- Demonstrate proficiency in multiple network systems and identify deviations from accepted technical practices
- Provide technical support by diagnosing and resolving complex installation and service problems at customer sites
- Install and configure video, internet, and telephone services in residential and commercial environments
- Collaborate effectively with team members and communicate technical information to non-technical customers

Associate Project Manager

AVI Systems | Sioux Falls, SD | December 2021 - December 2022

- Managed and led teams in planning and executing audiovisual installation projects
- Coordinated complex technical projects from initial point of sale through final customer acceptance
- Ensured project deliverables met customer requirements within established time and budget parameters

CERTIFICATIONS

- Swift Programming - Mimo (January 2026)
- NCTI Master Technician (November 2025)
- NCTI Advanced Technician Conventional (November 2025)
- NCTI System Technician Conventional (July 2025)
- NCTI Service Technician Conventional (August 2024)
- NCTI Fiber Testing & Maintenance Conventional (March 2023)
- NCTI Fiber Install & Activation Conventional (February 2023)
- SCTE Broadband Premises Installer (BPI) (March 2021)
- NCTI Installer Technician Conventional (June 2021)
- NCTI Installer Conventional (January 2021)
